Final Note by the First Member of Council.

Subject:—

Enhancement of the present allotment for Barahazar Sevai-pane at Subrahmanya in the Uppinangadi Taluk of the South Canara District.

The temple of Sri Subrahmanyaswamy at Subrahmanya, which enjoys an annual cash grant of Rs.581-13-0 from the Mysore State, is held in high esteem by the Hindus. Out of this, Rs.12-12-0 per month is spent on establishment and Rs.35-8-0 for two Nanda Dipams and for feeding 12 Brahmins daily.

2. The Jatra on Champa Shasti day i.e. Margasira Suddha Shasti of each year attracts many pilgrims and for feeding these, estimated roughly at 12,000 in number, the quantities of provisions noted below were being supplied by the Mysore State every year since 1801, as per Nirup granted by Dewan Purniah.

3. A sum of Rs.2,000 is provided annually in the budget for this purpose and a sum of Rs.450 has also been provided in the revised scale of expenditure of the Bisle Chattram for feeding pilgrims on their way to and from Subrahmanya.

4. Government in their order No.675 dated 28th November 1891 directed that ~~the~~ supplies for feeding 6000 Brahmins at the Mutt should be delivered to the Swami and that the ~~other half~~ should be utilised for feeding 6000 Brahmins at the temple under the supervision of the Mysore State officers. The Amildar of

Manjarabad arranges for the conduct of the Santarpane at Subrahmanya and also supervises with the help of a couple of the Taluk officials and also some non-official gentlemen. The Deputy Commissioner of Hassan or the Sub Division Officer visits the place for a day or two at the time of the festival.

5. As already stated, the total provision for the purpose is Rs.2,450. This has been found quite inadequate during recent years on account of abnormal increases in the prices of food stuffs and additional grants are being sanctioned year by year. For some years at the outset, the extra cost was met out of the accumulated savings of the Barahazar Santarpane itself and latterly it is being met out of the savings effected by the abolition of certain Government Annachattrams in the State. The question, therefore, of making a permanent provision for the additional expenditure required for the Barahazar Santarpane has been under the consideration of Government for sometime past

6. The Muzrai Commissioner has, taking the average of the actual expenditure incurred during the five years ending 1923-24 proposed an additional allotment of Rs.1,750 making a total of Rs.4,200. The annexed statement shows the actual number of persons fed and the amount spent during the past five years. Taking the annual average expenditure at Rs.3,500 (excluding the cost of feeding at Bisle chattram), an additional allotment of Rs.1,500 will be required for the Santarpane. This additional grant of Rs.1,500 is proposed to be met from the "Chattra Savings Fund" constituted under G.O. No.650-1/Muz. 90-24-2 dated 6th November 1924. From this same source additional allotments have also been made for His Highness the Maharaja's Charities at Tirupati, the Tulamasa Santarpane at Seringapatam and Paschimavahini and feeding in the Maharaja's Chattram at Mysore during Dasara every year.

7. A draft sanctioning the additional grant of Rs.1,500

is accordingly put up and submitted for the gracious approval of His Highness.

Order No. A—15 / Muz 90-24-21 dated 3-10-25

The existing provision for Barahazar Santarpane is Rs. 2000 and the provision for feeding in the Bisle Chattram, as per re-

revised scale, is Rs. 450. A sum of Rs. 30/- is provided for the issue of raw rations to pilgrims during the Champa Shasti festival in the Saklespur Chattram. The provision for Barahazar Santarpane (feeding of 12,000 persons) during the 20 days of the Champa Shasti festival at Subrahmanya, which was fixed many years ago, has been found quite insufficient during recent years on account of ~~abnormal~~ increase in the prices of food stuffs and additional grants are being sanctioned year by year. For some years at the outset, the extra cost was met out of the accumulated saving of the Barahazar Santarpane itself and latterly out of the savings effected by the abolition of certain Govt. Annachattrams in the State. The question of making a permanent provision for the additional expenditure required for the Barahazar Santarpane has been under the consideration of Government for some time past.

2. The Muzrai Commr. states that the average expenditure during the past five years amounted to Rs. 4191-0-0 on account of Barahazar Santarpane and feeding in the Bisle Chattram. ~~Deducting the existing provisio of Rs. 2450 from the above average,~~ He has accordingly proposed an additional allotment of Rs.1750 for the Santarpane. ~~Taking~~ As the average annual expenditure ~~at Rs. 3500~~ on Santarpane is said to be about Rs 3500 exclusive of the cost of feeding at Bisle chattram for which provision has been separately made, t additional grant required to be made in exc of the present sanctioned grant of Rs. 2000

The existing provision for Barahazar Santarpane is Rs. 2,000 and the provision for feeding in the Bisle chattram, as per revised scale, is Rs. 450. A sum of Rs. 30 is provided for the issue of raw rations to pilgrims during the Champa Shasti festival in the Saklespur chattram. The provision for Barahazar Santarpane (feeding of 12,000 persons) during the 20 days of the Champa Shasti festival at Subrahmanya, which was fixed many years ago, has been found quite insufficient during recent years on account of increase in the prices of food stuffs and additional grants are being sanctioned year by year. For some years at the outset, the extra cost was met out of the accumulated savings of the Barahazar Santarpane itself and latterly out of the savings effected by the abolition of certain Government Annachattrams in the State. The question of making a permanent provision for the additional expenditure required for the Barahazar Santarpane has been under the consideration of Government for sometime past.

2. The Muzrai Commissioner states that the average expenditure during the past five years amounted to Rs. 4,191-0-0 on account of Barahazar Santarpane and feeding in the Bisle chattram. He has accordingly proposed an addition l allotment of Rs. 1,750 for the Santarpane. As the average annual expenditure on Santarpane exclusive of the cost of feeding at Bisle chattram for which provision has been separately made is said to be about Rs. 3,500 the additional grant required to be made in excess of the present sanctioned grant of Rs. 2,000 will be Rs. 1,500. Government are accordingly pleased to sanction an additional grant of Rs. 1,500 per annum for this purpose thereby raising the present grant of Rs. 2,000 to Rs. 3,500—the additional charge being debited to the "Chattrams Savings Fund".
